

Fall VHF Sprints responsibility moving to the Mt. Airy VHF Radio Club

After moderating the Fall VHF Sprints for the past 17 years, the Southeast VHF Society has relinquished the responsibility of conducting the Fall Sprints to the Mt. Airy VHF Radio Club (The Packrats) as of January 1st, 2024. We wish to thank SEVHF for their past stewardship of the Fall Sprints and all their efforts to maintain this valued VHF / UHF tradition.

The Mt. Airy VHF Radio Club has selected a committee to take over the orchestration of the Fall Sprints and Phil, WA3NUF, has accepted the position of chairperson of the Sprint committee.

The dates for the 2024 Fall Sprints have been selected and are included below:

50 MHz	8/10/2024
144 MHz	9/9/2024
222 MHz	9/17/2024
432 MHz	9/25/2024
902 Up	10/5/2024

The Fall Sprint rules will be published in the next few months. The location of the rules and other Fall Sprint webpage information is expected to be eventually hosted on the Mt. Airy VHF Radio Club website: <https://packratvhf.com/>
